FOX RIVER VALLEY R. R.—THE CONTRACT LET.—The Directors of the Fox River Valley R. R. Co. have let the contract for their whole line, on what are esteemed to be very favorable terms, to Messrs. QUALEY & Co., who have an excellent standing as reliable men, and are already supplied with the necessary equipments.—The contract gives to the 1st of October, 1858, for the completion of this important line, which cannot fail to add largely to the business of our city.

FALL BUSINESS.—Advices from Buffalo indicate that merchandise for fall and winter supplies for the West is coming along rapidly. The propellers which have been waiting are rapidly being filled with heavy cargoes, and despatched up the lakes. The Oswego and Ogdensburgh boats are also likely to do a large share of business.

Merchandise is arriving here rapidly, and the depot of the Mil. & Miss. R. R. for up-river freight is being filled and emptied daily.

HEAVY FAILURE IN BOSTON—THREE MILLIONS!—The telegraph last night reported the failure of a firm in Boston for $3,000,000. The amount must be exaggerated. Sugar speculations are probably the cause.

ANOTHER BANK FAILURE.—A despatch received here last night announced the failure of the Western Bank, at Lockport, New York.

The State Fair—Arrangements with the Railroads.

We are requested by Mr. DAGGET, one of the Executive Committee, to state that the Milwaukee & Mississippi, the Lake Shore, the Racine & Mississippi, and the Chicago, St. Paul & Fond du Lac R. R. Companies have agreed to carry stock and articles *free*, and passengers at *half fare*, to and from Janesville. The La Crosse & Milwaukee R. R. Co, collects full fare going, and returns *free* such persons as have a certificate from the Secretary of the Society of their attendance at the Fair.

City papers please copy the announcement.

A GOOD IDEA.—The Kings county Republicans have resolved in Committee that all their handbills issued from this time to election shall contain a quotation of two lines from President Buchanan's recent letter:—"SLAVERY EXISTED AT THAT PERIOD AND STILL EXISTS IN KANSAS UNDER THE CONSTITUTION OF THE UNITED STATES."—[*See James Buchanan's Letter to Professor Silliman and others.*

DEATH OF CAPT. FORBES.—Captain CLEVELAND FORBES died recently in Buffalo. He fitted out and navigated around Cape Horn the steamer California, to the Pacific side, and was subsequently Agent of the Company at Panama. Since his residence in Buffalo, he has had charge of the steamers of the Michigan Southern Railroad Company, and had much to do with the modeling and constructing of these superb floating palaces, the Western Metropolis and the City of Buffalo.

FAILURE AT DUBUQUE.—The banking house of Herron Brothers, at Dubuque has suspended, owing to the failure of Eastern correspondents and of Carter & Co., Galena. The *Times* says their liabilities do not exceed $100,000, while their assets are $175,000.

NEW BRIDGE AT NIAGARA.—The Buffalo *Express* says:

It is confidently stated "that the Directors of the Great Western Railway Company have now determined upon immediately erecting an iron bridge on the tubular or girder principle, over the Niagara River—the present bridge, owing to the slow rate of speed at which trains can be permitted to cross it, being quite inadequate to meet the requirements of the enormous traffic daily passing over that frontier. The cost is between $500,000 and $750,000. At present the rate of speed must not exceed two miles an hour, but with the new bridge 40 miles an hour may be run with perfect safety. It is contemplated to be ready for opening in the course of next summer—the site of the bridge being the gorge below the whirlpool."

OSHKOSH AND FOND DU LAC.—The Fond du Lac *Journal* of the 19th inst., says:

The greatest speed is now being used in the laying of iron on the Chicago, St. Paul & Fond du Lac Railroad. About six miles are now complete. It is high time steps should be taken towards a grand festival on the opening of the road. What are you about, Oshkoshians?

Death of Judge Probasco.

We understand that Judge Probasco, who was law partner of Governor Corwin, and a distinguished practitioner of the bar, died at Lebanon on Friday. He was attacked, we believe, with bilious fever, which terminated in typhus.—*Cin Gazette, Sept. 21.*

THE LOST STEAMSHIP NORFOLK.—The Norfolk is 611 tons burthen, and was formerly called the Penobscot, and ran from Bangor to Boston, and afterwards between this city and New York, and while on the latter route encountered the terrible gale which swept our coast in 1850. She was rebuilt and lengthened in 1853. Last spring she was purchased by the Union Steamship Company, and completely overhauled, and has been running weekly ever since. She was valued at about $80,000, part of which is covered by insurance. She had a large assorted cargo, valued at about $80,000, and belonging to the merchants in the interior of North Carolina and Virginia. A portion of the cargo was insured in this city, and a part in Richmond.—*Philadelphia Ledger.*

COL. BENTON'S HEALTH.—Col. Brant, of this city, received a dispatch on Saturday morning from Washington City, dated the 18th, stating that Col. Benton's condition was not so favorable, and that he desired Col. Brant to come to see him without delay. Col. Brant accordingly departed for Washington, on Saturday afternoon, and will probably reach there sometime to-day. Further intelligence will be looked for with great anxiety.—*St. Louis Democrat.*

THE $100,000 OF BONDS.—The Comptroller went to New York a week or ten days ago to see if he could sell the $100,000 of bonds recently ordered to be issued by the Council. He returned yesterday unsuccessful. He found that in the present embarrassed condition of the money market in New York, that the securities of the city could not be negotiated except at a heavy sacrifice.—*Chicago Tribune.*

Correspondence of the Madison State Journal.

John G. McMynn as a Teacher.

RACINE, Sept. 18, 1857.

MESSRS. EDITORS:—I see a number of allusions in the "Argus and Democrat" of late, to Mr. McMynn as being unfit for the office of State Superintendent. One, signing himself a "Republican," says, that "all who are acquainted with Mr McMynn know him to be arbitrary and tyrannical, that he holds up timid and bashful girls to the contempt of the school," &c. Now, I have known Mr. McMynn for the last eight years, and have been associated with him as a teacher nearly five years; I have seen him in almost every position where a teacher is expected to superintend, hence, I ought to know, and I *do* know him better than any other man in the State; therefore I shall say that I know all such charges to be utterly false, and those who make such statements know nothing about the facts.

Mr. McMynn is straight forward and decided in his manner, which shows him to be the more of a *man*. He ridicules foolish habits and things, but he never ridicules a person. I never knew him to fail in accomplishing anything he undertook where in his judgment told him he was right; and the result generally showed him to have formed a correct opinion.

The article to which I refer, also states that "the credit of the Racine schools belongs in a great degree to the warm friends of education here." Now these same "warm friends" are ready to admit that if they had not had Mr. McMynn at the head of their schools, Racine would not have stood as high in these matters as she does.

I would not appear to praise the man too high, but I believe that if he should have the office of State Superintendent a sufficient length of time for him to carry out his plans, he would do for Wisconsin, what Horace Mann and others have done for other States. H. B. C.

P. S.—I sent an article to the *Argus and Democrat* last week, but "woe is to me," I have found when too late, that my communication was "too long," and I suppose too much truth in it for them to publish. I might have shortened the article a very little for them, by substituting for the word "false" that other word of *three* letters, which means the same thing. But it seems that my "impudence," as they call it, was refreshing to those high dignitaries in their sanctum.

Now if I shall have been so fortunate as to have written just enough in *this*, I suppose I will find more favor with you. Respectfully,

H. B. C.

MEMBER OF CONGRESS ELECT AND FOUR OTHER PERSONS KILLED!—The Washington (Ark.) *Telegraph*, of the 2d inst, has the following strange paragraph. We can hardly credit the statement, and must think there is some mistake about it. We give it, however, as we find it:

"We learn by a gentleman just from Texas, that in a difficulty which occurred at Palestine, Anderson county, Judge Regan, member of Congress elect for the Eastern district of Texas, his brother and three other persons, were killed. Our informant did not learn the origin of the difficulty, or any further particulars."

☞ We have to announce the failures of Messrs. Williams & Brother, dealers in coal, salt and waterlime, and Frasher & Carr, Retail Dry Goods. Assignments have been made in both cases. Neither of these failures can be called heavy.—*Chicago Tribune.*

CITY MATTERS.

POLICE COURT, Sept. 22.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

James Brown, drunk and disorderly; fined $3 and costs.

John Shea, drunk, fined $1.

Thomas Welsh, drunk, fined $1.

James Brennan, drunk, fined $1.

ASSAULT UPON A POLICEMAN.—A man named James Fokey, made a violent assault upon policeman Hannon, for directing him to drive upon the right side of Walker's Point Bridge, and being a very able bodied man, he was getting the better of the policeman, got him down in the mud, and would probably have given him a severe thrashing, had not another officer come to his assistance. Fokey was fined $15 and costs

Circuit Court, Sept. 22d, 1857.

HON. ARTHUR M'ARTHUR, PRESIDING.

The following are Grand Jurors for the September term of this Court:

Philander Kane, For'n.	August Ehlebwecht,
Jonathan Taylor,	Michael Hahn,
Henry Meyrose,	Michael O'Brien,
Joel Kneeland,	F. W. Allerding,

August Reimmschneider	John W. Dunlap,
Thomas Kelliker,	Wm. Wedemeyer,

John Huber,	

The trial of the case of Allen Logan agt. the City of Milwaukee, is now proceeding. The plaintiff has brought an action against the City on account of the bad and imperfect condition of West Water street, in the 4th Ward, for injuries sustained by being thrown from a wagon, for which damages are claimed.

BYRD PARKER'S LECTURE.—Quite a respectable, although not by any means a large audience listened to the lecture of BYRD PARKER upon the subject of Free Suffrage, at Young's Hall last night. His discourse, though delivered in plain terms, was an able and logical one, and was sufficiently interspersed with wit and good jokes to make it spicy. He spoke at some length, and with a great deal of force, of the blighting influence of Slavery, both to the whites and blacks, and in burning language alluded to the decision of the U. S. Supreme Court, carrying that curse to every inch of Territory under the flag of our Free (?) Republic! In this allusion he spoke of Chief Justice Taney as occupying a more unenviable position than the most degraded slave in the whole country, and his opinion was responded to by the loud applause of his hearers. He set forth very ably the reasons why the right of Free Suffrage should be extended to the colored population of Wisconsin, and upon the whole his lecture was a sensible one, and showed Parker to be an able orator and a strong advocate in the cause of his oppressed countrymen.

BAY STATE IRON WORKS.—By invitation of the proprietor, Mr. WILLIAM GOODNOW, we paid a visit, yesterday morning, to his Foundry and Machine Shop in the Fifth ward. Mr. GOODNOW has just completed a splendid steam engine of 50 horse power, for the flouring mill of Mr. S. S. EATON, at Ninnger city, Minnesota. The engine is a perfect piece of workmanship. It is fitted up with one of Judson's patent governors, and is claimed by the maker to be one of the best engines ever sent out from this city.

The Bay State Iron Works are well worth a visit. Everything about the workshops and yard is in perfect order. There are four steam engines of different sizes, in hand, as well as a large amount of the iron work for the Capitol Extension. Mr. GOODNOW has now about 40 men employed, and notwithstanding the hard times his business is steadily on the increase. His handiwork commends itself. We have seen no better steam engines anywhere than those of his make. Success to him and to all our Home Manufacturers!

FIRE.—A fire broke out at about 9 P. M. last last night in a German boarding house called the Statina Haus, kept by H. MILLER, a two story frame building on Main street, near the corner of Detroit street. Being in the near vicinity of other like buildings and of the stables of the Cross Keys Hotel, it threatened extensive damage, but the fire was confined to the building in which it broke out, which was nearly destroyed. Most of the contents were got out, in a damaged condition.

PAYMENT OF INSURANCE.—Mr. JERVIS, Supt. of the Mil. & Miss. R. R. acknowledges the prompt settlement and payment by the Phoenix Insurance Co. of Hartford. Ct., of $3,000, being the risk of that company on the depot building insured at Mazomanie. The insurance was effected with the Madison agent of the company.

THE LIFE-BOAT.—The *News* calls attention to the condition of the Life-Boat and the necessity of having it placed where it can be made available this fall. We have so often urged the matter upon the attention of those interested, that we are almost tired of alluding to it. Certainly, there should be somebody to take charge of this boat, put it in thorough repair, and keep it where it may be had, if wanted. If nobody else will look to it, why will not our Insurance companies take it in hand?

THE GAS PIPE ACROSS THE RIVER.—The new gas pipes, or rather the old ones repaired, to be laid across the river at the Spring street bridge, are now all ready, and the work of laying them has already commenced. One of Captain Hawley's dredges was employed all the afternoon, yesterday, digging out a bed for the pipes, and quite a crowd was gathered upon the bridge looking at it at work.

It will probably take a week, or longer, to lay the pipes permanently.

FIREMEN'S EXCURSION.—Hook and Ladder Company, No. 1, and Engine Co. No. 2, left this city on the 4 o'clock train on an excursion to Madison, yesterday. They were preceded by a fine band of music to the cars, which also accompanied them to Madison. They are a fine looking lot of fellows, and as they marched to the cars with their Hose cart and machine, they presented a decidedly firemenlike appearance. We wish them a merry time.

N. G. BISHOP.—The advertisement of N. G. BISHOP, successor to the long established house of H. WARNER & Co., at his old stand, appears this morning. Besides keeping up the old reputation of the house as family grocers, keeping the best of goods, serving his customers courteously and promptly, he is a large dealer in Wooden and Willow Ware, &c, and is ready to furnish at wholesale or retail anything from a pail to a potato-masher, a butter-ladle to a barrel-cover, a willow-wagon to a market-basket. Success to him!

A SPLENDID STORE.—Mr. J. L. DAVIS, who has taken the elegant building, No. 178 East Water street, recently erected by Mr. SHEPARDSON, opens, to-day, his extensive wholesale and retail establishment. His advertisement is of a size and character that will not allow it to be overlooked. We promise ourselves the luxury of a good look at his stock to-day, and will tell our readers what we think of it to-morrow.

THE LAST DAY.—Martin's scriptural paintings will be exhibited for the last time in our city today. We have spoken of their merits previously. They are rare and noble works of art, and those who have any taste for the sublime, will be highly gratified with them. The pictures are the "Last Judgment," the "Great Day of His Wrath," and "Plains of Heaven." They are on exhibition on Main street, north of the Newhall House.

SUPERB VEGETABLES.—We are indebted to Mr. ARTHUR ALDRICH for two bushel baskets full of Potatoes, Tomatoes, Onions and other Vegetables, all of his own raising and of very superior quality. The Potatoes and Tomatoes certainly surpass anything we have seen this season. Mr. ALDRICH is on hand to supply families with vegetables for the winter. We will guarantee that his customers are well served.

BRICK, HORSES AND WAGONS FOR SALE.—Henry Kroeger, the Ice-man, offers for sale a quantity of brick and several horses, wagons, &c. See his advertisement.

☞ The greatest preservative of beauty known to modern science, is Professor Wood's Hair Restorative and Cosmetic. Among the most important, features of female beauty, are a luxuriant head of hair and a fine complexion; both of which should be guarded as sacred treasures, for either may be lost by neglect, or preserved by the use of the named article; delay is dangerous. We seldom undertake, editorially, to endorse what are called "Hair Restoratives," as knowing full well that the great majority of such preparations are entirely worthless. Exceptions there are, nevertheless, and among these we have never hesitated to express our conviction that the article known as "Wood's Hair Restorative" is entitled to a proud pre-eminence. This article has told its own story in numberless instances of prematurely gray and bald heads, and the certificates in regard to its amazing efficacy have been alike numerous, unsolicited and emphatic. When Senators of the United States and others (of the highest standing socially and politically) openly declare that "Wood's Hair Restorative is all, and more than all, it pretends to be, we cannot do otherwise than believe them. The article can be had at all our Druggists. See notice elsewhere.—*Railway American.*

☞ The following items are from the Buffalo *Commercial* of Friday.

☞ The propeller T. D. Bradbury was sold this morning at mortgage sale. She was struck off at $14,000 cash, subject to another mortgage of $4,000. Capt. Frank Perew was the purchaser.

☞ The prop. Allegheny, Capt. Curtis, of the A. T. Co.'s Chicago Line, leaves to-morrow night. She will have, probably, about 500 tons merchandise.

SALE OF VESSELS.—The schooner *Wm. Tell* has been purchased and will hereafter be commanded by Capt. R. L. Bell of this village.

D. G. Hill and Capt. Joseph Edwards, Jr., also of this place, lately purchased the schooner *Pilot*, which went on shore a few weeks since, but which is again in sailing order.

She will be sailed by Capt. Edwards who, like Capt Bell, is a capital sailor, and possesses that energy which is the characteristic of our Manitowoc "sailor chaps"—*Manitowoc Tribune*

☞ The freight and passenger business by the Michigan Central steamers is increasing. The Plymouth Rock arrived this morning with about 1,000 bbls flour, and nearly 300 head of cattle. Her passengers numbered over 200, most of them first class.—*Buffalo Advertiser*, 18th.

NEW DOCKS AT MONTREAL.—The Montrealers are making preparations to receive the steamers which are expected to ply between that city and Liverpool next spring, (carrying a fortnightly mail) by choosing a place for, and making new docks. Four new steamers, of 2,300 tons each, are building, by the steamship company which has the mail contract.

☞ The propellers Mendota, Neptune, Edith, Allegheny and Buckeye State have passed up since our last, and the Dunkirk and Wisconsin down.—*Det. Tribune*, 21st.

Buchanan versus Buchanan.

The James Buchanan who now occupies the Presidential chair is not the James Buchanan who has been a leading Democratic politician for many years. The James Buchanan who insists that slavery is a national institution cannot be the same individual, many of whose northern friends have supported him because he seemed favorable to Freedom. The James Buchanan who wonders "how it could *ever* have been doubted" that the Constitution carries slavery into all the Territories, can not, by any possibility, be the same man who but lately acknowledged the right of Congress to regulate the matter of slavery in the Territories. Will our readers examine the following extracts from various letters signed by and speeches assigned to the same name, and see if they *can* all be by the same individual?

The James Buchanan who is now President, says in his late letter to the Connecticut clergymen, dated Aug. 15th, 1857:

> "Slavery existed at that period, and still exists in Kansas under the Constitution of the United States. This point has at last been finally decided by the highest tribunal known to our laws. How could it ever have been seriously doubted is a mystery. If a confederation of sovereign States acquire a new territory at the expense of their common blood and treasure, *surely one set of the partners can have no right to exclude the other from its enjoyment by prohibiting them from taking into it whatever is recognized to be the property by the common Constitution.*"

This is the full extent of the Calhoun doctrine. Slavery everywhere authorized and protected by the Constitution of the U. S. in all the territory of the U. S.! There is no mistake about the opinion of *this* Buchanan.

Here follow sundry remarks made in 1845 by the Buchanan who was then U. S. Senator from Pennsylvania. The resolutions for the admission of Texas were before the Senate, containing the following provisions:

> "And in such State or States as shall be formed out of said Territory North of said Missouri Compromise line slavery or involuntary servitude (except for crime) shall be prohibited.

In the discussion which ensued Mr. Buchanan said:

> "He was pleased with it again, because it settled the question of slavery. These resolutions went to establish the Missouri Compromise by fixing a line within which slavery was in future to be confined. . . . . . Was it desirable again to have the Missouri question brought home to the people to goad them to fury; *That question between the two great interests in our country had been well discussed, and well decided, and from that moment he had set down his foot on the solid ground there established, and there he would let the question stand forever.*"

That Buchanan certainly believed, as we do, in the right of Congress to exclude Slavery from the Territories!

Again, in 1848, in May, one James Buchanan was a prominent candidate for the Presidency, and, the subject of the Wilmot Proviso being much talked of, and the Alabama people seeming desirous to know something of the candidate's opinion, he wrote a letter to Hon. Mr. Toucey, in which he said:

> "On the 26th of August last, after much reflection, I addressed a letter to the Democracy of Berks county, Pa., on this important and exciting question, in which I expressed the opinion in favor of the extension of the Missouri Compromise to any Territory which we might acquire from Mexico. I had entertained and freely expressed this opinion from the time the question was first agitated, and every day's experience since the date of my letter, has but seemed to strengthen my conviction *that the Missouri Compromise is the best if not the only mode of finally and satisfactorily adjusting this vexed and dangerous question. Under these circumstances I cannot abandon the position which I have thus deliberately and conscientiously taken, and assume any other that can be presented.*

That Buchanan certainly doubted whether the Constitution carried Slavery everywhere, as a matter of course.

Again: the Alabama people were not yet satisfied, and it became necessary that this Buchanan should write again, which he did in August, 1848, to Mr. T. Sanford, and said:

> "Any other construction of the letter would render it inconsistent with itself. *Having urged the adoption of the Missouri Compromise, the inference is irresistible that Congress in my opinion possesses the power to legislate upon the subject of slavery in the Territories.* What an absurdity then would it be, if whilst asserting *this sovereign power in Congress, which power from its nature must be exclusive,* I should in the very same breath also claim this identical power for the population of a Territory in an unorganized capacity. In conclusion I desire to reiterate and re-affirm every sentiment contained in my Berks county letter. *I cling to the Missouri Compromise with greater tenacity than ever,* and yet firmly believe that it will be adopted by Congress.
>
> Yours very respectfully,
> JAMES BUCHANAN.
>
> T. SANFORD, Esq.

That Buchanan, then, distinctly asserted his belief in the power of Congress to regulate the matter of Slavery in the Territories, and "clung to the Missouri Compromise!"

Now we should like to know who this JAMES BUCHANAN is, who has by false pretences got into the Presidential chair at Washington, and who wrote that letter to the Connecticut clergymen? It cannot be the same J. B. who was the author of the other extracts given above. It would be very mortifying to our democratic presses, if, after they shall have all whipped around, and set themselves in full cry for Slavery, as a blessed, Constitutionally protected institution, the real, genuine old James Buchanan should turn up, and expose the fraud by which his namesake got into the White House at Washington. We advise them to think of it.

GROWTH OF PRAIRIE DU CHIEN.—The *Leader* contains a table showing the number and description of buildings erected this year at Prairie du Chien, and now in course of construction. The whole number is 327, of which 265 are frame, 60 brick, and 2 of stone. Of the number, 17 are on "the island," 6 in "Frenchtown," 161 north of the Fort, and 143 south of the Fort. Six hotels are included in the above list, two churches, one school house, 4 warehouses, a steam saw-mill, and a mechanic shop. The freight depot, round-house and machine shop of the Mil. & Miss. R. R. are not included in the above. The *Leader* thinks that Prairie du Chien will add 2000 to its population this year.

DEMOCRATIC SENATORIAL CONVENTION.—The Pro-Slavery Democracy have called a Senatorial Convention for the Sixth District, (South half of Milwaukee County) to be held at the Louisiana House in this city, at 2 o'clock P. M., on the 3d of October. Mr. O'NEIL is the present Senator from that District.

The News Backing Down.

Our call upon the *News* for the evidence upon which it based its specific charge against the La Crosse & Milwaukee R. R. Company, of having given a *bribe* of Fifty Thousand Dollars to Gov. BASHFORD, to secure his sanction of the Land Grant Bill, seems to have caused our neighbor no little perplexity. It is an awkward thing to impeach one's own friends, and the *News* sees that it must do this, in order to make out a case against Gov. BASHFORD. If he was guilty, as the *News* charges, of taking a $50,000 bribe, the Company which gave the bribe and which thereby, according to the *News*, secured the Land Grant, has also been guilty of a very grave offence. The proof which inculpates the Governor damns the Company. The *News* begins to discover this fact and now shrinks back from the very charge which it so boldly and confidently made. Hear how it answers our demand for the proof:

> It is not necessary for us at this time to enumerate *the circumstances,* which convinced every man who gave the least attention to the subject, that a bribe had been offered and accepted. This has never been denied.
>
> No attempt has been made, as yet, to answer our interrogatories. We will give Gov. Bashford's friends a fair opportunity to answer them, *before giving our reasons* for publishing them.

Here, instead of tangible evidence, we are referred to "circumstances" and put off with a promise, by and by, of "reasons." This is, indeed, a "lame and impotent conclusion," though very much what we expected. The *News* published the calumny, without a particle of proof to sustain it, and with the bright idea of injuring Judge RANDALL by traducing Gov. BASHFORD.—It suddenly discovers, however, that it is using a two-edged sword, which, at every blow, cuts its friends even worse than its enemies. No wonder that it is in haste to drop so awkward a weapon.

Since, however, the *News* cannot give us any evidence, let us, at least, have its "reasons."—As a friend of Gov. BASHFORD, we pronounce the charge of the *News*, that he received a bribe of $50,000 from the La Crosse Company, false.—As a well-wisher to the Company, we pronounce the charge of the *News* that they purchased the assent of the Governor to their Land Grant bill with $50,000, false. Let the *News* then produce its "reasons" for making so grave and damning an accusation against the Executive of the State and the officers and directors of the La Crosse & Milwaukee R. R. Company.

Eligibility of Candidates.

The *News, Argus*, and other K. N. and Pro-Slavery organs, are making a great ado about the ineligibility of Mr. SCHURZ, the Republican candidate for Lieut. Governor, alleging that he is not a citizen of the United States. The objection comes with exceeding good grace from those much professing friends of foreigners, and serves at least to show their utter insincerity. They may rest easy, however, in regard to Mr. SCHURZ; He is not only *eligible* to the office of Lieutenant Governor, but will be elected.

Not so Mr. JOEL C. SQUIRES, the Barstow candidate for Bank Comptroller. He is ineligible under our State Constitution to the office for which he is running. Section 3 of Article 13 say:

> "No member of Congress, nor any person holding any office of profit or trust under the United States, (postmasters excepted,) or under any foreign power, shall be eligible to any office of trust, profit, or honor, in this State."

Mr. SQUIRES is the Register in the U. S. Land Office at Mineral Point. He holds the commission and wears the livery of the Federal Government. He is not, therefore, eligible to any office in this State. This fact has again and again been brought to the notice of the Democratic organs and leaders. Nevertheless the name of Mr. SQUIRES is retained on their ticket. What is the unavoidable inference from this? Evidently that they regard defeat as inevitable, and think that they may as well throw away their votes on Mr. SQUIRES, as on anybody else. Of course, if they had any hope of success, they would substitute for Mr. SQUIRES a candidate who was eligible at least to the office for which he was nominated. But they rightly conclude that any change would only be labor lost.

Prizes at the State Fair.

The Engine Companies of the State are to compete for three prizes or premiums, as follows:

First, a Silver Trumpet worth	$75
Second, a Silver Plated Trumpet,	50
Third, a Silver Goblet,	25

The latter of these prizes may be seen at Messrs. Cook & Belden's fine jewelry store, in this city. It is a splendid Silver Goblet, inlaid with gold, and elegant enough for a princely side-board.

We hope that the Mendota boys will win the silver trumpet, but if they should only have the luck to bring back this splendid goblet, they will have no reason to feel bad.

The trumpets are to be furnished by Messrs. Loomis & Hoes, of Milwaukee, who, as all who are well posted know, have one of the most extensive establishments in the west.

They will all be splendid prizes, and we wait with no small anxiety to see who wins. At present, however, we shall bet on the Mendota boys, who we understand are training for the occasion.

The Firemen's display will be much the finest thing of the kind ever seen in the State. Companies from all the prominent places will be present, and the spouting of water must necessarily be enormous. It takes place on Thursday afternoon, on the Fair Grounds, Oct. 1st.—*Madison Journal.*

We understand that two, at least, of our Milwaukee companies, will compete for these handsome prizes, viz: Milwaukee Engine Company No. 1, and Ocean Engine Company No. 5. No doubt the contest will be a spirited one, and well worth seeing. Now if the State Agricultural Society would also offer one or two premiums for the best drilled Military Companies in the State, we think that it would add materially to the interest of the occasion.

An Excellent Feature in the State Fair.

The Executive Committee of the State Agricultural Society have added to the usual features of State exhibitions one of ladies' equestrianism, and offer the following premiums:

For the Best Display of Ladies' Equestrianship.

1st premium, a gold watch and chain worth $50 00.

2d premium, silver ware to the value of $40.

3d " side-saddle, bridle, &c., worth $30 00.

4th premium, silver flower vase worth $20.

5th " gold bracelet worth $15.

The winners of the prizes have the privilege of selecting any other articles of equal value:

Superintendents of Ladies' Display.
C. J. HARVEY DURKEE, Col. N. W. DEAN.

Judges.
Hon. H. M. BILLINGS, Chairman: Hon. W. D. McINDOE, Col. B. R. HINCKLEY, N. J. EMMONS, Esq., Dr. J. W. HUNT, Col. Z. P. BURDICK.

Ladies' Equestrian Display will commence at 9 o'clock on Thursday.

The competitors are to be governed by the following regulations:

1st. At the stated hour the ladies will meet, properly equipped, at the Judge's stand; they will then be under the escort of the Superintendent of the Ladies' Equestrian Display, and will be under his direction with regard to the rate of speed which shall be performed,—graceful riding and management of the horse being not only much more desirable, but more safe than a rapid rate of speed. The Judges will take into consideration the gait and manageable qualities of the different horses ridden, and decide accordingly; therefore no lady need be prevented from competing because she may not have a *first rate saddle horse*—(which is an extremely rare animal)—but can fearlessly come forward with the best at her command, and compete for the prizes, which in this display will be *free.* All names should be handed in to the Secretary the day previous to the display.—*Madison Argus.*

Here is a chance for some of the fair Equestrians of our city. Which of them is ambitious to win one of the splendid prizes offered by the State Agricultural Society?

WHEAT FROM IOWA.—The Prairie du Chien *Leader* of Sept. 19th, says:

> The Mil. & Miss. R. R. Co. have made arrangements by which they are prepared, from this time on until the close of navigation, to transport wheat from McGregor to Milwaukee at the reduced rates of 17½ cents per bushel. Parties shipping wheat will place it on the boat at McGregor; at Prairie du Chien it will be handled free of charge by the Railroad Company. The company certainly are entitled to the thanks of the farming community for their liberality.

The Case of the Late Dr. Percival.

The late Dr. PERCIVAL, who died while holding the office of State Geologist of Wisconsin, had a national reputation, and it is beyond doubt that a great many persons who took an interest in his career, and heard that he had died in poverty, have wondered at the fact, and obtained an unfavorable idea of the conduct of our State towards its officers. The Report of the Committee, which has recently investigated the subject of his accounts, therefore deserves a wide circulation, in order that the blame may rest where it belongs. The Committee, during the session of the Legislature, had the subject referred to them, and reported upon it, but as their report had been made in the absence of Dr. Jencks, the administrator of Dr. Percival's estate, they thought it but fair that a review of the case should be made when the administrator was present, and could give his testimony. The following is the Report of the Committee, just published:

> The testimony of Dr. Jencks discloses certain facts in relation to the pecuniary affairs of Dr. Percival, by which his last hours were embittered, and unjust reflections cast upon the integrity of the people of Wisconsin, and for this reason the committee have deemed it a duty to place the whole facts on record, as due to public honor, and as a complete vindication of the integrity of the people and State.
>
> The law under which Dr. Percival was appointed State Geologist, limits the term of survey to four years, and appropriates $2,500 per annum to pay its expenses. He received the appointment and entered upon its duties August 12th, 1854, and continued when he died—a period of nearly two years. From receipts on file in the office of the State Treasurer signed by Dr. Percival, the committee find that he received the following sums in payment of services to the dates mentioned, to wit:
>
> | | | |
> |---|---|---|
> | Jan. 3, 1855, | Part of salary, | $100 |
> | " 30, " | On salary, | 590 |
> | Dec. 3, " | Part of salary, | 100 |
> | | Making a total of | $790 |
>
> These are all the sums for which the committee have seen vouchers of payments to Dr. Percival, or that are on file in the office of the State Treasurer, during his term of office.
>
> It seems from the sworn statement of Dr. Jencks, in whose family Prof. Percival made his home during his residence in Wisconsin, that he was often very greatly straightened for money to pay even his most simple and necessary personal expenses, during nearly the entire period of his public services, or to go on in the survey with the efficiency he desired. Old in years, ill in health, and feeble in body, suffering from poverty and what he supposed a pure neglect, he was at times greatly distressed in mind, and so unbearable had the grievance become, from the want of his salary, that he had even concluded to resign the station—complaining, mistakenly, as the committee will show,—that the people of Wisconsin were doing him wrong and injustice, and he even had fears that he would be entirely defrauded of the dues he had earned by so many sacrifices and hardships! So well known was his destitution and suffering from this cause—arising to some extent from a delicacy and modesty which shrank from receiving proffered aid from private sources—as to have become a subject of neighborhood talk, and private remonstrance, in the place in which he resided. And he died, it seems, in the belief that the State had wronged him, and that he was the victim of ingratitude, neglect and practical repudiation.
>
> These conclusions of Prof. Percival, if in any degree true, would be a reproach and discredit to the State forever. It seems evident to the committee that he either was not acquainted with his rights under the law of his appointment, or that the moneys drawn from the Treasury on account of the survey, during his term, were withheld for the purpose for which they were appropriated, while he was left to suffer in poverty, neglect and want. The law in terms makes the appropriation to the Governor, who appoints the Geologist, and is supposed to be responsible for the faithful prosecution of the work. The money was payable quarterly from the Treasury on the order of the Executive, and it is a matter of surprise how Prof. Percival, knowing his rights, could have suffered from a lack of monies.
>
> On a careful examination the committee find no papers of record in the Executive office throwing light upon this subject. But from what can be learned from outside rumors, it would seem that Rev. A. C. Barry was for a short time employed as an assistant, at a cost of about $800 per year. How long he served is a matter of as much doubt, as the rate of compensation, or the date when his labor closed. Assuming that rate of compensation, and that he served for a whole year, and Mr. Percival was entitled to have drawn $475 per quarter during that period. And when the assistant's services ceased, to have received $625 per quarter. And as it has been the custom to retain money in the Treasury to pay all salaries promptly, no reason existed why that money should not have been paid at any time, on demand. While the records show that Mr. Percival receipted at the State Treasury for only $790, and from the testimony of Dr. Jencks we are led to suppose that he received, since the date of the last receipt on file, an additional sum of $300, making $1,090 for two years of service, or about $545 per annum, he same records also show that his salary was regularly drawn out by the Governor during that time—and overdrawn, and that $1,760 was paid back into the Treasury, some five months after his death.
>
> The committee find vouchers on file for the following sums of money, drawn from the Treasury by the Governor during Mr. Percival's term of office, on account of the survey, as follows:
>
> Statement of monies drawn from the State Treasury by Wm. A. Barstow on account of the salary and survey;
>
> | | |
> |---|---|
> | 1854, Aug. 16, salary of Geologist in part, | $ 200 |
> | " Sept. 9, for A. C. Barry, | 100 |
> | " " 25, salary of Geologist in part, | 110 |
> | " Nov. 13, " | 50 |
> | 1855, March 6, 1st qr. for '55, | 625 |
> | " April 9, salary in part, | 200 |
> | " Aug. 1, " " | 200 |
> | " " 25, " " | 200 |
> | " Dec. 26, for A. C. Barry, | 100 |
> | 1856, Jan. 15, one qr, | 625 |
> | " Feb. 11, in full for 1855, | 1175 |
> | Total, | $3,588 |
> | Total paid Barry's assistant, | 200 |
> | | $3,388 |
>
> Ex Gov. Barstow, in a communication to the Committee, published in its last report, claims to have paid over certain sums to Prof. Percival, but no vouchers were furnished, and we find no evidence of such payments in the Diary of Dr. Percival; although the evidence of Dr. Jencks renders it probable that about $300 were so paid. The records, however, show that while Dr. Percival, *pinched with suffering, and arraigning the honor of the State* for withholding his just dues, and upon his death-bed giving up all hope, and confirmed in the belief that he was the victim of fraud—that *Willard A. Barstow, acting Governor, had then in his possession a large amount of money belonging to him,* which, in common justice, ought to have been paid over; and that more than eight months after drawing from the Treasury the last item ($1,175) and more than six months after he had ceased to be Governor of the State by the decision of its highest judicial tribunal, he repaid into the State Treasury (on the 30th day of September, 1856) the sum of $1,760, drawn out by him on account of Dr. Percival's salary.
>
> The Committee, in their report upon the case last winter, were compelled to effect a settlement from such evidence as they could obtain, in the absence of all proper vouchers on the files of the executive department, and to assume as correct the report then made by Mr. Barstow. It is the opinion of Dr. Jencks, from a critical knowledge of the financial difficulties of Prof. Percival, that he received even a less sum from the State by about $150 than the vouchers on file show, and that he could not have received any considerable sum without his knowledge.
>
> In the absence of the proper vouchers, our investigations necessarily close with an examination of the books of the Treasury, and, without passing any opinion upon the statement furnished by Mr. Barstow, beyond what we have already done in our former action, have deemed it best to leave the question an open one for further testimony, on the part of the administrator and the action of another Legislature.
>
> It is entirely evident from the Records of the State, that at no time was there any lack of funds in the hands of the Governor to have paid the salary of Prof. Percival promptly and without delay, and that his failure to receive his dues was no fault of the State or people. It would seem that his sensitive spirit shrunk from any examination into the real condition of affairs—and that he suffered in silence, generally, with a confiding confidence in the honor and honesty of those entrusted with the management of Public affairs. A stranger in Wisconsin—of child-like simplicity in money matters—with a tireless devotion to study and scientific pursuits,—devoid of all usual pride of dress and show, and seeking only the means of support from an appointment requiring too great effort for his age and physical ability, in a new and vast field of research, advantage seems to have been taken of his very qualities of goodness and greatness, to withhold money honestly earned of the State, for purposes merely private and unscrupulously selfish. Had his wants been more generally known, his wrongs would have been promptly remedied at the hands of the legislature, as the committee have every reason to believe; while the purses of half our people would have been freely opened to him on the least intimation of pecuniary suffering, beyond a doubt, had not his too great modesty shrunk from the application.
>
> In view of the world-wide reputation of Dr. Percival, and the fact that every incident of his career and death may become the property of biographers, to be embalmed in the memory of the future, the committee have felt that they could not under the circumstances do less than give to the case a full and searching investigation, and report all the facts as due to the justice and honor of the State.

The Fight and Massacre at Cawnpore.

The London *Times* gives the following particulars of the attack of Nena Sahib on the garrison at Cawnpore, their surrender and massacre by the infuriated Hindoos:

> The Nena's first hostile act was committed on the persons of fugitive ladies and children from Futteyghur and elsewhere, about a hundred in number. Bithoor is only six miles above Cawnpore, and as they were passing the former place *en route* to the latter, he stopped their boats brought them on shore, and remorsely shot every one. He then tied their bodies together and threw them into the river. This was Dhoondoopunt Nenajee's declaration of war against the British Government. This occurred early in June. The revolt broke out at Cawnpore on the 5th. No sooner had intimation of it reached the Nena than he took his guns and joined the rebels, assuming the command in person. Guns were procured also from other quarters of large calibre, and with these he commenced pounding Wheeler's intrenchment, to which, with its small calibre guns, he could not adequately reply—Notwithstanding this, and that in the first fortnight he lost about one-third of his force, Wheeler's heart never failed him. Sally after sally did he make, and always drove the enemy before him. Had not there been so great a crowd of ladies under his charge he could with ease have cut his way to Allahabad. At length, on the 26th of June, they had but two days' supply of food left; they had no water; their ammunition was at its lowest ebb. From being confined, 800 in number, in a barrack originally designed to contain 200, and from the bodies lying unburied all around them, disease in a bad form had come among them, and was decimating their ranks.—But the heart of the gallant Wheeler rose with the crisis. On the 26th he was determined to make one last effort—one grand assault on the enemy's position, and to take from them the necessary supplies.
>
> He came out with his half starved band, charged the enemy, and drove them from their position; but he had no cavalry. The enemy had been joined by a second regiment from Oude, and the two coming upon his flanks just as he drove the infantry before him—coming with proportion of 12 to 1, compelled him to fight his way back.—He himself was mortally wounded, and lost many men in this action. Its result, and the death of Wheeler the next day, damped the hopes of the garrison. They had neither food, water, nor ammunition; to remain there was to die. In this emergency, they sent Mr. Stacy, the deputy collector, on the 27th of June, to treat with Nena Sahib. He was received by that victorious leader with great civility. The following most favorable conditions were agreed upon: The garrison, (including women and children, and camp followers,) were to be permitted to take their arms, property, and a lac and a half of rupees with them into country boats provided for their reception, in which they were to proceed to Allahabad. The ingenuity of hell never before devised a blacker scheme of treachery than that deliberately planned by the Nena and shared in by all the rebels at Cawnpore, those rebels being Sepoys, who for years had eaten our salt. Our poor, miserable, half starved countrymen were conducted faithfully enough to the boats—officers, men, woman and children—and passed off into the stream, in full confidence in the good faith of these devils; but they had scarcely done so when, on a signal given by the Nena himself, guns were opened upon them from the bank, and out of the 40 boats they embarked in, some were sunk, others set on fire, and the rest pushed over to the Oude side, where cavalry in waiting for them, in their eagerness to slay the Caffres, (infidels,) rode their horses belly-deep into the river to meet the boats, and cut and hack at our unhappy countrymen and women, who vainly tried to escape. One boat, however, actually did manage to run the terrible gauntlet successfully, and got ten miles down the river, but they were pursued, overtaken, captured and brought back in triumph to the barracks, where the men were all shot, and the women reserved for a worse fate.
>
> To complete the account of the catastrophe of the unfortunate remnants of the Cawnpore garrison, I may here state that the Commissioner of the District reported to the Government that their bodies were found in a well in the assembly-rooms compound bearing upon them marks of the most indecent and inhuman treatment it is possible to conceive.

The Leavenworth City Election.

From the Leavenworth Times, Sept. 12

The entire Free State Ticket elected!—Amalgamationists routed—Free Labor for Free Kansas!

Leavenworth City, in all the pride of a lusty youth, and in the strength of a noble and heroic purpose, stands forth redeemed and disenthralled. Right well has she vindicated the rights of her citizens, and gloriously spoken for freedom and free labor. To the whole nation she sends a proud and cordial greeting. The thunder tones of Monday's victory, rolling far and wide, re-echoed and reverberating, will strengthen the hearts of the good and true, and nerve the freemen of Kansas with fresh courage for the great battle of October.

Good citizens of Leavenworth! we asked you to rally round the Free State banner—to stand by the Free State cause, and to sweep our Free State candidates into office with an overwhelming majority—and now we thank you. Your verdict was promptly given, and it gladdens our heart to know that our fair city has started afresh in her glorious career under Free State auspices, and that she has proved so true, not only to her own concerns, but the weightier interests of our entire Territory.

The vote in the different wards stood as follows:

MOSINEE.—This newly laid-out village is improving very fast. A number of fine buildings are being built, mostly by actual settlers for dwellings. The New Hotel of Mr. KING is now completed, and in fine order. This place is at the head of navigation, from Stevens Point, and has a water power of about "fifteen feet fall;" but a small part of which is now improved.—Above the Falls a Steamboat is being built to run to this place, (Wausau) the distance between the two landings being less than half a mile.—Messrs. DESSERT & CATE, the principal owners of the water power, manufacture about 250,000 feet of lumber per week. Here are fine chances for the erection of other mills, which the inexhaustible "pine-region" above here, on the Wisconsin and its branches, would always supply with logs.—The tannery which Messrs. STODDARD & WARDARE building, will be completed this fall. The supply of hemlock bark which here abounds, renders this locality of great importance for the tanning business. From this point roads are being made into the country in different directions, and a large settlement of Germans is being made a few miles north-west of the village.—*Wausau Cent. Wis.*

REDUCTION IN THE PRICE OF THE

BADGER STATE SAFES!

NOT TO BE SURPASSED in any respect by any safe manufactory in the whole country, we have just completed our arrangements for manufacturing the

BADGER STATE SAFES,

Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities.

FIRE & BURGLAR PROOF!

Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But notwithstanding this, we are now enabled to offer our safes to the public at

AS LOW PRICES!

As any other safes manufactured. The following are the former and present prices of some of our safes:—

No. 1 Badger safe, present price,	$135,	former	$160.
" 1½ " "	160,	"	155
" 2 " "	201,	"	225
" 3 " "	275,	"	300

and so on.

The severe tests which the Badger State Safe has stood, both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

THE DAILY SENTINEL.

The Falls of the Cholook, California.

As we proceeded onward we were held in awe by the sublime proportions of "El Captain," or the "Chieftian of the Yosemity"—a cliff of granite lifting its giant form on the left to the height of more than three thousand feet—a sheer precipice jutting into the valley. Upon the opposite side of the valley, (which is here only three-fourths of a mile wide,) immense cliffs also occur, their serrated pinnacles piercing the very skies, and forming with El Capitan the gateway of the Merced.

We rode slowly and almost reverentially along the base of El Capitan, and fording the river beyond, reached the camp of Judge Walworth directly opposite the "high fall," where we remained during our sojourn in the valley.

From the edge of the grove in the rear of the house we obtained a full view of the great falls, where the water precipitates itself into the valley at three awful leaps, succesively of fifteen hundred, four hundred, and six hundred feet.—Think of a river plunging over a precipice of twenty-five hundred feet high, and with the two exceptions of inequalities in the surface of its cliff which partly breaks its descent, falling from its dizzy height into the valley below without impediment! It should be remembered that this body of water is no trickling stream, (though viewed from a distance, such is the great height of its descent that it resembles a silver thread hanging from the cliff,) but a river often swelled into formidable dimensions by the melting of the snows in the Sierra Nevada. Compared to this, all other known falls on the globe fade into insignificance, and your Niagaras, Genesees, Trentons, &c., &c., are but *aqueous pigmies*.—Niagara, it is true, discharges a greater volume of water, but, with all its grandeur and sublimity, it fails to produce effect upon the beholder caused by the first view of the great fall of the Yosemity.

Thus you see California, independent of her gold mines, gigantic trees, higher than the cross of Trinity Church steeple, mammoth vegetables and Brobdignagian fruit, flings down the gauntlet to the world on the waterfall question, and challenges an equal even to the smallest falls of this wonderful valley, for there are five of them here, and even the lesser one is two hundred feet high.—The difficulty with us is that we have no fashionables among these lonely mountain fastnesses, to sing the praises of the Cholook, and the whitevest poets who execute the semi-annual panegyric of Niagara not only never heard of Cholook, but would scarcely venture to soil their kids by scrambling up into the Sierra to view them. The travellers are already becoming wearied of the same old summer resorts of the Atlantic States and are flying to Europe for relief. It will soon be a common thing for the New Yorker troubled with *ennui* to pass the summer in California, where the sublime scenery and the exhilarating air is not surpassed. Then we shall begin to read in the papers, accounts of the Yosemity Valley, and the wonderful Falls of Cholook.

THE DIFFERENCE.—One day this week, we examined the oldest paper in the Probate office in Salem. It bore date of 1648, and is as legible to-day as it was two centuries ago; and even now the chirography is beautiful to behold. One day last week, we saw three letters in the post office in this city, directed to gentlemen of education, from the best scholar of one of our high schools, and it took the postmaster and two clerks an hour and a half to decipher the directions; and if the insides are no better than the outsides, blank paper would do the recipients more good.—*Newburyport Herald.*

☞ A Western New York farmer writes as follows to a distinguished scientific agriculturist, to whom he felt obligations for introducing a variety of swine:

"Respected Sir,—I went yesterday to the Fair at M———; I found several pigs of your species; there was a great variety of beasts, and I was astonished at not seeing you there!"

TEN YEARS'
ACQUAINTANCE WITH
West's Cement Roofing.

SUCH FACTS as are herewith and have heretofore been presented to the public, where this roofing material has been used any considerable length of time, that the misrepresentations of the designing and unscrupulous have failed to seriously injure its reputation or impair the confidence of a discriminating public.

It is very well known that a large number of the most elegant residences, commercial blocks and public edifices ever erected in this city are under the protection of this *fire and water-proof roofing*, and that it has given such universal satisfaction here as elsewhere, that the demand for it this season is more than double what it was last year, notwithstanding the strenuous efforts made to introduce various other articles for a similar purpose.

SYRACUSE, June 19th 1857.

The undersigned has been acquainted with Watt's Galvanic Cement, for nearly *ten years* past, and has had it applied to his buildings in several instances. He is so well satisfied with its durability and general *fire and water proof qualities* that he has applied it to some new buildings which he has erected during the past winter and spring.

There is no doubt but the *cement* is in better repute here *than ever before*.
A. CRIPPEN.

SYRACUSE, June 17th 1857.

This may certify that I had a building covered with West's Galvanic Cement some *four or five years* ago and at the time of its destruction by fire last fall the roof was perfectly tight.

I have no hesitation in recommending the cement to those who wish to procure good and lasting roofs.

N. B. When the building was burned, the *roof did not take fire at all* until the roof boards burn d through.
ALEXANDER GOFF.

SYRACUSE, June 19, 1857.

The undersigned occupied a building covered with West's Galvanic Cement, which was burned in the great fire last fall. The roof had been on two years and at the time of the fire was apparently as good as when first put on. The fire was blown in perfect torrents of flame directly upon the roof and it did not take fire, and when the walls fell the roof was entire except where the roof boards were burned completely through; *there could not have been a more thorough trial by fire and nothing could have stood the test* better than this Roofing Material.
E. HAMMOND,
G. P. JOHNNOT.

SYRACUSE, June 18, 1855.

West's Cement Roofing is more extensively used here and in all the large towns than it ever was before.

This roofing composition rests upon its own merrits, and *where it has been used, needs no recommend.* There are hundreds who have had roofs on from *two to five years and not one has failed* that was well done. *It will last twice as long as the best tin.*
N. F. GRAVES.

MILWAUKEE, July 27, 1857.

I have been a resident here twenty-two years, laid the *first brick* and topped out the first chimney in this city, and have been a builder ever since; am acquainted with all kinds of Roofing, and, in my estimation *West's Galvanic Cement* is superior to any other in use *in all respects.*
WILLIAM SIVYER

I have been extensively engaged in building for nearly twenty years in the city of Boston, and am acquainted with various kinds of Roofing material. I regard *West's Composition Roofing* as the best article for covering buildings now in use. I have had it put on to a dwelling house which I have built this season for myself.
Oshkosh, August 1st, 1857 GEO. CHASE,
Architect and Builder.

To the proprietors of West's Patent Galvanic Roofing:

GENTLEMEN:—We are some of the numerous property-holders of this city who have availed ourselves of the advantages which your Elastic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that our experience and observations thus far, fully sustain and corroborate the proof you have heretofore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material:*

J. B. Cross, Daniel Newhall, Alanson Sweet, E. B. Wolcott, E. Button, O. Alexander, M. A. Krug, B. Helm, Ernst Herzer, F. A. Hallman, builder, Tibbetts, Starkweather & Co., J. B. Turcy, Wm. P. Young, John Rosebeck B. & B. Stasie, Th. Wettstein, Babcock Bros., builders, W. H. Metcalf, G. Pfister & Co., Haven Powers, G. A. Starkweather, J. B. Weld, Chapin, Gregory & Armour, Baker & Isham, Chas. R. Austin, J. H. Silsman, Martin Curtis, Elisha Starr, P. Lowe, W. P. Merrill, H. Bonkle, builder, Ch. Preusser, E. Roddis & Co., Geo F. Austin, H. A. Nichols, Martin & Rugee, builders, H. H. Camp.

Within the past year I have paid Three Hundred and Seventy-Three Dollars for repairing leaky and defective roofs. The Composition used for such improvements is known as West's Galvanic Cement for Roofing, I am so well satisfied of the value received for the expenditure and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan sts.
ALEXANDER MITCHELL.

From our knowledge of the composition for covering buildings, buildings, known as "West's Galvanic Cement" for Roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use and worthy of the fullest confidence of the public.

The Newhall House and the Excelsior Block, two of the most elegant, costly and imposing structures ever erected in the West, are covered with this roofing material, and two more *perfectly tight* and *water-proof roofs* cannot be found in *this or any other city*, as *owners, builders and architects* will testify. We refer to this for obvious reasons.

Numerous town and county rights have been purchased by architects, builders and practical men, who are applying this roofing material in various parts of the State, from whom we are obtaining large orders for stock.

Individual rights, with stock and printed directions, furnished at reasonable rates, to any part of the State, which has not been disposed of.

Any amount of additional proof in relation to the superiority of this roofing material over *any* and *every other article* now in use, can be seen by calling at our office, 230 E. Water St. J. Y. CHENEY & Co.

HEALTH DEPENDS UPON PURE BLOOD. Thin and acrid blood cannot secrete healthy bile, and therefore the first thing for those who are dyspeptic should be to commence the purification of their blood.

BRANDRETH'S PILLS

not only purify, but they make the blood richer, and add those principles upon which its power to resist disease depends.

MILD OPERATION WITH SUCCESSFUL EFFECT, ARE THE PECULIARITY OF BRANDRETH'S PILLS. Now that we may soon expect genial spring, it is of great importance that a few doses be used by the wise. Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use, we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the fine organs of the stomach and bowels. They soon cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart-burn, pain in the breast bone, sudden faintness and costiveness. In brief, Brandreth's Pills work their way to the very roots of the disease, cleansing in their passage, removing every unhealthy accumulation, till the blood is purified, the whole system renovated, and the functions and duties of life become a pleasure, where before they had been sad and weary burdens.

We have thousands of similar testimonials to the following, and such evidence can be had from living witnesses all around us on every side. It is from a gentleman of high respectability, whose letter can be seen at the Principal office; he writes:

"I am now fifty-two years of age. * * * For twenty years I have used your Pills as my family medicine, and I wish no other! and I have never had occasion to call a physician in my family (save in the sickness of my wife with children) during the twenty years."

TRUE MEDICINAL PRINCIPLES.

Never extract blood. Blood is the life. By abstracting it in painful diseases you may occasion the patient ease, but remember this ease is only the reduction or lessening the power to feel. And by thus taking away nature's tools, you may prevent her from fully repairing the ravages of inflammation, and convert what might only have been the sickness of a few days or weeks into a chronic affection of months or years.

PURGING BY MEANS OF BRANDRETH'S PILLS.

This is the means which accords with nature—nature's remedy in fact. When sudden, acute or continued pain occurs, then to insure security you must take a medicine that will surely purge. There must be no shilly-shallying because every minute lost may be fatal.

MEDICAL.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of
CANKER.
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

MEDICAL.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD.

IS A GREAT SCIENTIFIC Medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a diseased Liver.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all Yellowness, or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—Hudson County Democrat

THREE GREAT LIGHTS.

Mankind have long been engulphed in darkness, as regards the true means of securing health—ridding the human body from disease, and preserving life. The sick, under the fallacious treatment of the regular faculty, are subject to a continued practice of probabilities and uncertainties. There is nothing certain or fixed in the treatment of the sick either in the old or new school of medicine.

Dr. Radway has succeeded in producing three remedies—known to the world as Radway's Ready Relief, Renovating Resolvent and Regulator. These remedies are not only established facts, inasmuch as they have never yet failed in their special or combined efficacy in producing fruitful and beneficial results—but, they are facts establishing a science—as they have in all cases, "when tried," succeeded in restoring to health—and ridding the body from disease after all other medical treatment had failed—and the most skilful physicians had given up the sick as beyond the power of human means to cure—and pronounced the dreadful mandate—incurable.

Radway's Remedies are therefore fixed facts in the archives of medical science—they have been "often tried"—"never denied"—and are ready "to be tried again."

FIRST GREAT LIGHT.
RADWAY'S READY RELIEF.

As a Special Remedy to be used in all cases where the human body is seized with the torturing pangs or paroxysms of pain—no matter what the cause of the pain may be, or where it may be located—an application of the Ready Relief, either internally as a drink, or externally as an alleviator, will, in a few minutes, restore the afflicted body to ease and comfort.

In all cases of Bowel Disorders, Dysentery, Cholera, Bloody Flux, Sick Headache, and other Nervous Affections, Neuralgia, Rheumatism, Sprains, Strains, Tooth Ache, Burns, Scalds, Wounds, Shot Wounds, Bruises, Cuts Poisoning, either by the bites or stings of Reptiles, Insects or Vegetable or Mineral Poisoning by accident—in all cases and under all circumstances where the human system is tortured by Pain, Radway's Ready Relief can be relied upon as a quick, safe and certain Remedy.

In cases of Billiousness, Billious Fever, Typhus Fever, Ship Fever, Yellow Fever, Fever Ague, Scarlet Fever, and all malignant Fevers, Small Pox, Measles, Pneumonia, Radway's Ready Relief, used in connection with Radway's Regulators, will cure the positively sick, afflicted with those disorders, and protect the system against sudden attacks when either of these malignant diseases prevail.

SECOND GREAT LIGHT.
RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgation, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced—they operate naturally leaving the bowels, liver and other organs in a natural and a healthy condition.

They insure those who take them a good appetite and healthy digestion.

Each pill that is taken gives new life to the blood—they purify it, take from it all impure deposits, and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities, or weakening discharges, may rely upon a prompt cure and Regular Periods, if Radway's Regulators are taken.

Every dose of Radway's Regulators that is taken instils new strength within the body of the weak, feeble and infirm. All who take are delighted with the happy change they experience in a few hours. The dispirited and melancholy feel joyous and happy; the sick and debilitated strong and vigorous.

THIRD GREAT LIGHT.
RADWAY'S RENOVATING RESOLVENT.

Cures Humors' Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Appoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radways Resolvent. It changes the whole human body—reproduces new and healthy blood.

Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

Sarah Hammond, of 155 East Thirty second St., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

A sore leg of 21 years, cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dalonega, Ga., says: "That a gentleman, who for 21 years had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators.

THE THREE GREAT LIGHTS
RADWAY'S RELIEF—REGULATOR—RESOLVENT.

In all constitutional diseases, and where the constitution is broken down, or the body in a rapid state of decay, or the system inoculated with the virus of disease, either by the violation of the laws of health, intemperance, excess and indulgence of the passions, or by hereditary transmission, as in cases of Scrofula, Consumption, Rheumatism, Gout, Fits and other heirlooms, which a long line of ancestry has so bountifully and richly bestowed on posterity, as a memento of the past, at the cost of the suffering inheritors. These Remedies, in their trinitary capacity, possess a curative power that no disease can withstand; their combined effect will eradicate from the living body every particle of diseased matter, renovate the whole system with health; heal the unsound, decaying lungs, or other organs; cleanse and purify the unclean from all impurities.

To the disabled wayfarer, who is crippled with infirmities we invite you "to try" these remedies. We will vouch for their efficacy.

With many hundreds of others who have witnessed and felt the effect of the "Three Great Lights," and as they rule and govern those bodies which they are destined by the Almighty Power, so these three Remedies stand as Rulers, Conquerors and Grand Masters of all diseases.
